FTC 51

Newsletter 1: Month of September, 2026 - BIOBUZZ

Reminders!

Check out our new Meet the Team Post for BIOBUZZ @cams_ft51

Outreach Recap

07/01 Raytheon Family Day

Hosted a booth at the Raytheon Family day for people to learn more about FTC and build industry connections.

08/22 Boeing Family Day

Hosted a booth at the Boeing Family day for people to learn more about FTC and build industry connections

09/12 Kickoff Workshop:

We hosted a CAD Mastersketch + Crayola CAD workshop at the BIOBUZZ Kickoff

10/10 SoCal Showdown

We hosted multiple booths at this FRC comp, and did multiple activities with the participants.

Robo-Sapiens Zoom Call

Shared our strengths on our team. We shared and talked about CAD and technical aspects of our team while they shared their strengths in outreach.

Hackin' Hounds Zoom Call

Gave us some insight on the new seasons field. On our end, we shared aspects of our sustainability plan.

Coming up...

Library Workshop

We will be hosting stations and activities promoting STEM to all attenders at Ruth Bach Public Library. Open to everybody!

Meeting number: 14

Monday & Friday 4-7 pm
Saturday: 9-3:30 pm

Achievements

ADMIN:

- We have hosted 5 outreach events including Raytheon family day, Boeing family day, Robo-Sapiens, Kickoff Workshop, and Socal Showdown
- We have planned a total of 4 future outreach events
- We have sent about 10 outreach letters to possible mentors

CAD:

- We hosted a CAD Mastersketch + Crayola CAD workshop at the BIOBUZZ Kickoff
- We trained new members regarding CAD foundations
- StarterBot assembly done by the freshmen

Prog:

- Programming outreach with Hackin' hounds
- Dicussed programming strategies for the new season
- Trained new members on basic java, coding autos, and working with drivetrain

Setbacks:

- Not meeting some deadlines
- Not being on task
